Almir Maksumic has over 20 years of experience in field/laboratory testing of building structures, enclosures and materials related to the investigation and evaluation of deterioration, distress, water leakage, corrosion, and construction defects. He is an expert in destructive and nondestructive testing methods, including ground penetrating radar, impulse response, half-cell potential and impact-echo, infrared thermography, and high and low voltage leak detection. His diagnostic testing and protocol knowledge encompasses on-site quality assurance testing for both new construction and rehabilitation projects.

He provides assistance in the preparation of contract documentation for repair designs, as well as performs construction administration and field observation services on building enclosure and structural repair programs.

Prior to joining RRJ, Mr. Maksumic served as a Senior Engineering Technician for six years at the forensic engineering firm of Building Technology Consultants, PC. Previously, he was a Senior Technician for five years at Universal Construction Testing, Ltd. and a Nondestructive Expert Technician for 11 years at CTLGroup, a global engineering consulting and material science research and testing firm based in Illinois.

■ EDUCATION

Certificate of Computer Aided Design & Drafting, 1995
 Zarem/Golde Ort Technical Institute

Certificate of Completion in specific areas of Nondestructive Testing:
 Troubleshooting Concrete Field Problems
 Geophysical Survey Systems (Impulse Radar)
 Impulse Response Testing

Roofing:
 Roofing 101 Modules 1-5: Basics, Systems, Assemblies, and Flashings
 Design Essentials for Roof Performance

■ CERTIFICATIONS

Certified Concrete Field Technician-Grade 1 (CCFT)
 American Concrete Institute (ACI)

Certified Concrete Slab Moisture Testing Technician-Grade 1 (CCSMTT)
 International Concrete Repair Institute (ICRI)

Certified Level 1 Infrared Thermographer with Roofing Specifics (CIT)

Construction Documents Technologist (CDT)
 Construction Specification Institute (CSI)

■ PROFESSIONAL AFFILIATIONS

American Society of Nondestructive Testing (ASNT)
